

TIFTAREA ACADEMY ATHLETICS

SPONSORSHIP OPPORTUNITIES

PANTHER FANS!!!!!! Welcome to the 2025-26 school year and another year of Tiftarea athletics! We cannot wait to see all of our families and spectators pack the stands this season to watch our student-athletes and coaches compete! This year we are still offering opportunities to sponsor our athletic programs, but it will look a little different than years past and wanted to address those differences. This year all of our athletic budgets, which consist of every program's needs for the season, will be covered through tuition. In the past, most athletic sponsorships have gone to these needs. However, with these needs being covered through tuition, all donations made to Tiftarea Athletics will now go towards wants and athletic projects. Some of these projects are being completed this summer which include new concrete in the spectator areas at the softball field, a new equipment room for the softball field, putting up permanent basketball goals in the Little Gym, as well as redoing the Little Gym floor to make it more functional for practices. These projects are just the beginning! These wants and projects will come from requests from our coaches and will be looked over by an Athletic Advisory Committee. Your input is welcome as well! Packages may be selected from the guidelines below, or you may sponsor by using any of the opportunities provided. Panther passes are available to anyone, but this year all Tiftarea students will get into athletic events for FREE! We appreciate your support in any way possible, as we look to continue to be committed to excellence in both academics and athletics!

GO PANTHERS!!!
